THE WALK

START at Higginson Park, Marlow. Marlow is one of the loveliest locations on the River Thames; the vibrant Georgian market town is made up of historic streets, an abundance of vintage and modern boutique shops, restaurants, cafes, bistros and pubs.

- Follow the **Thames Path** to the right and along the towpath past the lock to the Temple Footbridge. Cross Temple Bridge and continue ahead to Hurley Lock. The path crosses the lock out to the island and re-crosses to the towpath at Hurley. Here there are the ruins of a Benedictine Priory, a church and two pubs.
- Continue along the riverbank before passing through iron gates into Culham Court deer park. Bear right across the park to a second iron gate and continue to Aston Road. Head down past the Flower Pot Inn to Aston Ferry, then left, passing through a gate and along an access road, through a kissing-gate towards Hambleton Lock and a series of weirs. A gate takes you along the Thames Path towards Temple Island with views of Italianate mansion Greenlands, now a hotel and business school.
- After Temple Island is the Regatta reach where the Thames Path passes Remenham (a short detour takes in Remenham Church), before passing Remenham and Upper Thames rowing clubs. Cross a high footbridge as you come to the end of the Henley Regatta Course, head up the path to the pedestrian island. Cross over the elegant 1780s bridge into Henley, the famous regatta town. Henley has long been associated with festivals and regattas. Combine your walk with one of these events.
